

## **CPCCOHS1001A Work safely in the Construction Industry (White Card) Half Day Course**

### **Introduction**

Ambition Training is a Registered Training Organisation (RTO code 41312) registered with the Australian Skills Quality Authority. Ambition Training is proud to offer training in Work safely in the Construction Industry.

### **Course Description**

This course provides learners with the skills and knowledge required to work safely in the Construction Industry and is designed to meet the requirements from the Construction, Plumbing and Services Training Package, CPC08.

Learners will understand how to identify industry requirements, work procedures and instructions.

This course is designed for those entering the Construction Industry with no previous connection to the Construction Industry or relevant employment history.

This course prepares learners to undertake the assessment to obtain a Statement of Attainment in CPCOHS1001A Work safely in the Construction Industry.

### **Mode of Delivery**

Delivery of this course will be classroom based blended with some outdoor activities.

### **Assessment Summary**

The student will be assessed by demonstrating procedures applicable to this unit. They will also be required to answer several oral and written questions regarding their actions and theoretical application of knowledge. The assessment may be part of a simulated activity set by the assessor.

This assessment must be conducted by an Ambition Training assessor and must be completed in the workplace or in another environment that accurately simulates the workplace. The assessor is to actively set tasks for the student and must observe these tasks being performed.

To standardise the application of this assessment, the assessment tasks (performance evidence) are based on those specified in the Unit of Competency, CPCOHS1001A Work safely in the Construction Industry and those of the CPC08 Training Package. The assessor will use an assessment instrument mapped accordingly to the assessment requirements of this Unit of Competency. Assessors will apply an assessment procedure to ensure you are ready for the assessment and have the right resources and equipment to achieve the right standard.

### Course Topics

- Identifying WHS legislative requirements
- Identify construction hazards and control measures
- Identify WHS communication and reporting processes
- Identify WHS incident response procedures

### National recognition

On successfully completing the training and assessment you will be issued a Statement of Attainment issuing you the unit of competence: CPCOHS1001A Work safely in the Construction Industry

This unit of competence is nationally recognised and provides individuals with a valuable outcome that can be applied throughout Australia.

CPCOHS1001A Work safely in the Construction Industry (Release 1) is the latest version of this unit and was released on the 11th of May, 2009.

\*Upon successful completion for Learners undertaking this course in Queensland, Work Health and Safety QLD (WHSQ) "White Cards" will be issued.
