

## MSMWHS217 Gas test atmospheres One Day Course

### Introduction

Ambition Training is a Registered Training Organisation (RTO code 41312) registered with the Australian Skills Quality Authority. Ambition Training is proud to offer training in Gas test atmospheres.

### Course Description

This course provides learner with the skills and knowledge required to gas test atmospheres. This course is designed to meet the requirements from the Manufacturing training package, MSM.

Learner will understand how to identify industry requirements, plan and prepare for gas testing of potential hazardous atmospheric environments. Additionally, learner will be able to test gases and maintain their equipment.

This course is essential for people who are required to gas test atmospheres in the course of their employment.

This course prepares learner to undertake the assessment to obtain a Statement of Attainment in MSMWHS217 Gas test atmospheres.

### Mode of Delivery

Delivery of this course will be classroom based blended with some outdoor activities.

### Assessment Summary

The learner will be assessed by demonstrating procedures applicable to this unit. They will also be required to answer a number of oral and written questions regarding their actions and theoretical application of knowledge. The assessment will also be part of a simulated activity set by the assessor.

This assessment must be conducted by an Ambition Training assessor and must be completed in the workplace or in another environment that accurately simulates the workplace. The assessor is to actively set tasks for the learner and must observe these tasks being performed.

To standardise the application of this assessment, the assessment tasks (required skills and knowledge) are based on those specified in the Unit of Competency, MSMWHS217 Gas test atmospheres and those of the MSM Training Package. The assessor will use an assessment instrument mapped accordingly to the assessment requirements of this Unit of Competency. Assessors will apply an assessment procedure to ensure you are ready for the assessment and have the right resources

and equipment to achieve the right standard.

### Course Topics

- Identifying work requirements including WHS legislation
- Following company procedures
- Risk assessment and hazard control strategies
- Preparing and performing gas testing
- Maintaining safety equipment

### National recognition

On successfully completing the training and assessment you will be issued a Statement of Attainment issuing you the unit of competence: MSMWHS217 Gas test atmospheres

This unit of competence is nationally recognised and provides individuals with a valuable outcome that can be applied throughout Australia.

MSMWHS217 Gas test atmospheres (Release 1) is the latest version of this unit and was released on the 2nd of June 2016.

### Course Commencement Dates

Courses dates and times do vary. Visit [www.ambitiontrainingqld@bigpond.com.au](mailto:www.ambitiontrainingqld@bigpond.com.au) for the latest course information.

### Course Duration and Location

The course is delivered over 6 hours. Training is delivered at the Boyne Tannum Community Centre which is located on the corner of Hayes and Wyndham Avenues, Boyne Island.

### Course Materials

Learner training is supported through the provision of quality learning materials and resources.

### Course Conduct

Learner training is supported through the provision of quality learning materials and resources.

On arriving, learner will complete any outstanding enrolment administration and then participate in group learning activities about the theory of gas testing atmospheres. After lunch, we get finish off our theory component and then put what is learnt into practice via our practical component. There is sufficient time over the day for additional one-on-one training for those requiring it. At Ambition Training, we provide a friendly and supported environment to learn and achieve.

### Pre-Requisites/Entry Requirements

- ✓ There are no qualification pre-requisites for this course.

- ✓ Learners must have successfully completed a national accredited confined space course in the last 2 years.
- ✓ Learners must be aged 15 years or older
- ✓ Photo Identification is required to be sighted prior to course commencement.
- ✓ Language, literacy and numeracy skills required to interpret legislative requirements and to undertake written and practical assessment activities.
- ✓ All course materials will be provided by Ambition Training.

### **Clothing Requirement**

Learner must wear covered shoes or work boots.

Where a learner does not wear covered shoes they will not be able to participate in the course due to work health and safety concerns.

### **Fees and Charges**

Information about fees and charges is provided in the Schedule of Fees and Charges which will have been included in your pre-enrolment information package.

The basic course fees are:

- Half Day Course - \$99 per person

Please refer to the Schedule of Fees and Charges as it contains important information about related charges and our refund policy.

### **Confirmations**

A learner's position on the course will only be confirmed upon a completed enrolment form and the payment of your course cost.

Numbers are limited, so confirmed enrolments will only be able to attend.

### **Duty Of care**

Ambition Training adopts high standards in duty of care of its learner and instructors. Ambition Training reserves the right to turn anyone away that seems to be under the influence of drugs or alcohol.

This action is to ensure that the learner and instructors safety is assured and that Ambition Training maintains an accident free learning environment and complies with our duty of care responsibilities.

*Ambition Training is responsible for the quality and delivery of training and assessment and will be the organisation issuing any qualifications and statements of attainment to eligible learners.*

**This document must be read in conjunction with the Learner Handbook, Schedule of Fees & Charges and USI Fact Sheet.**
